

## 2021 Value-based Payment Programs for Patient-centered Primary Care Home (PCPCH) & Integrated Behavioral Health

Primary care clinics have the option to participate in the 2021 PacificSource Community Solutions value-based payment programs for PCPCH and Integrated Behavioral Health. These two optional programs provide a per-member-per-month payment to supplement the fee-for-service payments providers receive for billable services.

Primary care clinics may choose to participate in one or both programs, depending on clinic eligibility and preference. Please refer to your PacificSource contract and the *2021 PCPCH and Integrated Behavioral Health Program Description* for complete eligibility and program requirements.

Detailed information about these programs is available in the 2021 program description. If your clinic is interested in participating, please email [PCPCH-BHIPProgram@pacificsource.com](mailto:PCPCH-BHIPProgram@pacificsource.com).

### 2021 Attestation Form

To complete the 2021 PCPCH and Integrated Behavioral Health electronic attestation form, please visit: [SurveyMonkey.com/r/VYKS6WZ](https://www.surveymonkey.com/r/VYKS6WZ). Please have a copy available of your clinic's most recent PCPCH application to upload; names and licensures of your behavioral health clinician(s); and your behavioral health clinician to primary care provider staffing ratio.
