Ordering, Referring, Prescribing and Attending (ORPA)
Edits and Requirements

The State of Oregon requires that any Billing or Rendering provider seeking to be reimbursed for services under a Medicaid benefit enroll with the Oregon Health Authority and obtain a Medicaid Identification number. The following FAQ provides answers to new provider and claim completion requirements.

This requirement has expanded and now captures Ordering, Referring, Prescribing and Attending (ORPA) providers. CMS, in conjunction with the Patient Protection and Affordable Care Act, requires all ORPA providers to be enrolled with Oregon Medicaid program (42 CFR 455.410 Enrollment and Screening of Providers).

PacificSource began enforcing this requirement in alignment with the Oregon Health Authority August 1, 2017. All claims submitted with dates of service on or after August 1, 2017 will be validated for Ordering, Referring, Prescribing and Attending providers against enrollment in the Oregon Medicaid program.

What does this mean for providers?

- All providers who are referring a patient for service must have an active Oregon Medicaid identification number.
- All providers who are ordering services must have an active Oregon Medicaid identification number.
- All providers who are prescribing medications must have an active Oregon Medicaid identification number.
- All providers who are attending to patients must have an active Oregon Medicaid identification number.
- This applies to all-out-of state providers who are referring, ordering, prescribing and attending. All out-of-state providers must have active enrollment with the State of Oregon Medicaid.

**The provider's NPI/taxonomy combination identifies the provider's Medicaid identification number and provider type within the Oregon Medicaid system.

What does this mean for pharmacies and prescription medications?

- Pharmacy claims require the pharmacy to have an active Oregon Medicaid identification number and the prescribing physician to have an active Oregon Medicaid identification number.

What if a provider is enrolled with another state's Medicaid program?

- Enrollment in another state's Medicaid program does not exempt a provider from enrolling with the Oregon Medicaid program.

If Oregon Medicaid is the secondary payer, must the ORPA requirement still be met?

- Yes. The provider enrollment applies even if Medicaid is the secondary payer.

I am a member of a group; do I list my group NPI or my individual NPI?

- Only individual NPIs are accepted as an ORPA provider on a claim.

PacificSource
Community Solutions

What will happen to my claim if the ORPA provider(s) isn't enrolled with Oregon Medicaid?

- If the ordering, rendering, prescribing or attending provider on the claim is not enrolled in Oregon Medicaid, the claim will be denied as the provider is not Medicaid-reimbursable.

If my claim is denied because the ORPA provider was not enrolled with Oregon Medicaid, can the ORPA provider enroll retroactively?

- Yes. Oregon Medicaid permits retroactive enrollments up to 12 months prior to the date of enrollment. This is done on the conditional that the provider is appropriately licensed and the enrollment complies with program integrity provisions. Once the provider is enrolled, the claim can be resubmitted by the billing provider for payment as long as the resubmission happens within timely filing requirements.

Where can I find more information about these requirements?

- https://www.gpo.gov/fdsys/pkg/CFR-2011-title42-vol4/pdf/CFR-2011-title42-vol4-sec455-410.pdf

How do I enroll in the Oregon Medicaid program?

- Please reach out to PacificSource Provider Operations. (provnetsupport@pacificsource.com or 800.624.6052 ext. 2580)

An Ordering and/or Referring provider is required for the following services.

Service
Ambulatory Surgical Centers
Independent Labs
Hearing Aid Dealers
Opticians
Pharmacy: all crossover services billed
Therapy
DME/Medical Supply
Imaging Services
